

Painting Caitlyn

Everything in Caitlyn's life is going down the drain. Her artistic talent seems to be failing, her best friend is ditching her for a new boyfriend, and her mother and stepfather have gone to extraordinary lengths to get pregnant - leaving Caitlyn wondering where she'll fit in when baby arrives..... Enter Tyler - older, gorgeous, and totally into Caitlyn. When she's with him, all of her problems seem to disappear. But just as things get serious, she discovers Tyler's jealous side. Once she realizes her perfect boyfriend is as controlling as he is caring, Caitlyn is faced with a choice: she can either let this relationship define her, or find the courage to break away.
