

Roger Zelazny's Chaos and Amber

The Dawn of Amber trilogy expands the Amber universe and answers the important questions left open, including how Amber was created, by whom, and why. The events in the trilogy will precede those in the existing novels, but follow some of the same, immortal characters. Finally, fans of the series will discover why it was necessary to create Amber, how Chaos and Amber came to be at war, and the true nature of the universal, sentient forces that Amber and Chaos represent.
