

## Royal Flush

Hed never faced a problem he couldnt have executed The King enjoys being King. He enjoys executing anyone who annoys him, and he enjoys inventing creative ways to avoid his royal duties. But the King yearns for love. Sadly, women find him repulsive, for the very things he enjoys doing most. Soon, the Kings misguided quest for love comes to threaten his very position on the throne. If he cant change his ways, he wont just be alone he will be usurped, and his monarchy will be replaced by something far more wretched, like (shudder) democracy. Royal Flush is a laugh out loud comedy that will make you love the King when you should hate him the most. If you like Monty Python, Terry Pratchett, and Douglas Adams, then youll love this award-winning novel that combines all of their best traits in a medieval romp. Buy this book if you want to crack up in public today! Or you could read it at home. Thats fine too.
