

## Killing Land (Rune Alexander Book 8)

Ravaged by unfamiliar emotions and regretful of the choices she made, Rune Alexander begins life over back in River County, a place as harsh in its own way as the dark edge of hell from which she has returned. She must now fight in a changed world where the Others have been nearly obliterated and the humans are on the hunt to wipe out those who remain. Hurt in ways from which she will never recover, she struggles to remember who--and what--she is as she dives into savage battles with an incomplete crew and a heart scarred and battered by the savage, greedy world of Skyll.
