

## Scend Of The Sea (U)

In 1909, the crack Blue Anchor liner, the Waratah, sinks without trace, or survivors, off the coast of South Africa. In 1967, the Gemsbok, a Viscount airliner of South African Airways disappears in exactly the same place. To some it is merely an uncanny mystery. To others a tragedy. People like Ian Fairlie, captain of the weather ship Walvis Bay--whose father was the pilot of the Gemsbok and whose grandfather was the first officer of the Waratah. Ian Fairlie has sworn that he will resolve the mystery. But to do so, he must face cyclonic winds and mountainous seas, risking his ship, his life and the woman he loves... Geoffrey Jenkins can write with a rare compelling fervour. Times Literary Supplement
