

Selected Poems

Intense verbal music with a jazz feeling; invention against the grain of expectation; intelligence racing among materials with the variety of a busy street?these have been the qualities of Robert Pinsky's work since his first book, *Sadness and Happiness* (1975), celebrated for setting a new direction in American poetry. At that time, responding to a question about that book, Pinsky said: I would like to write a poetry which could contain every kind of thing, while keeping all the excitement of poetry. That ambition was realized in a new way with each of his books, including the book-length personal monologue *An Explanation of America*; the transformed autobiography of *History of My Heart*; the bestselling translation *The Inferno* of Dante; and, most recently, the savage, inventive *Gulf Music*. That variety and renewal are represented in this brilliantly chosen volume.
