

Selected poems

A. R. Ammons selection of his work once again, as the critic Harold Bloom wrote of the earlier version, makes available the very best of him. To the visions of clarity and terror in that volume the poet now adds the most important poems from his three books published since. The resulting collection is the essential starting place for new readers, the quarry for those familiar with his work. Among the new poems is Easter Morning, which the critic Helen Vendler called a classic poem ... a revelation.
