

## Shadows Son

Treachery and corruption lurk at the end of every street, in the holy city of Othir. Its the perfect place for a freelance assassin with no loyalties and even fewer scruples. Caim makes - or perhaps more accurately, takes - his living on the edge of a blade. Murder is a risky business, but so far he reckons hes on the right side of it. Or he was ... because when a short-notice contract job goes south, Caim finds himself thrust into the middle of a sinister plot in which he seems to be one of the primary marks. Pitted against crooked lawmen, rival killers and the darkest kinds of sorcery, its going to take more than luck if hes to get through this alive. He may lack scruples, but hes still got his knives, and his instincts, to rely on - and a developed sense of revenge, or should that be justice? - to fall back on. But when his path leads him from the hazardous back streets of Othir and into the highest halls of power, will instincts and weapons alone really be enough? If Caim is really going to unravel the plot which has snared him, to unmask a conspiracy at the heart of the empire, he will have to finally claim his birthright as the Shadows Son ...
