

## Sheds: The Do-It-Yourself Guide for Backyard Builders

Easy-to-follow shed designs with loads of color examples. The new edition of this classic do-it-yourself guide for backyard builders now contains more material and photographs than ever. Sheds helps the do-it-yourself builder think through all the issues involved in designing and building a shed: intended use, size, cost, placement, degree of construction difficulty, and much more. Following a chapter on construction basics, the authors preview each step of building a beautiful and useful shed -- from foundation to cupola, and everything in between. Sheds contains: Material lists Cost estimates Step-by-step illustrations New tips and hints Detailed instructions Schedules 16 pages of color. Packed with detailed illustrations, plans and commonsense advice, this new edition of the classic book on building a shed is like having a professional carpenter beside you, making the project easy to control and successful.
