

Siren Song (The Blood Singer Novels)

In Celia Graves world, vampires roam the alleys of Tinseltown, street corner psychics have real powers, and cops use memory enhancement spells. But Celia thought she was an ordinary human, albeit one with a clairvoyant best friend and a ghostly little sister. The vampire attack that made Celia an Abomination forces her to take food in liquid form and gives a whole new meaning to the word sunburn. She's slowly adjusting (therapy sessions and all) when she discovers that the attack awakened a hidden part of her heritage: Celia is part Siren, able to enthrall men and enrage women. Her best friend's murder is unsolved; the cops think Celia should be in jail or staked; and her old lover, mage Bruno DeLuca, has something important to tell her. To top it all off, Celia's been summoned to the Sirens island. Celia Graves has more than one enemy. Some of them want her blood. Some of them want her soul. All of them want her dead. Siren Song, Book Two in the Blood Singer series, is another thrilling paranormal fantasy from bestselling author Cat Adams—an action-packed follow-up to Blood Song.
