

Sixx (The Stone Society) (Volume 7)

When Michael Sixx Gentry lost control of the beast inside, he walked away from the best thing to happen to him in 500 years. Twenty-four years later, someone points out that Sixx has a doppelganger. When he hears the mans name, Sixx realizes twenty-four years too late that the best thing to ever happen to him had been pregnant with his son when he walked away. Sixx makes the trip across the country to face someone more terrifying than any Gargoyle hes ever come up against the mate he left behind. Desirae Rothchild, love of his life and mother to his son, is one feisty human. When she learns the truth of why Sixx left, will she forgive him? Hell, will she even believe him? If Desirae were his only obstacle, Sixx might be successful in his journey. But when the Greek King is hell bent on seeking retribution, Sixxs family is caught in the cross-fire. Sixx and Desirae must work together with the help of his Clan to save the one person who means everything to them both their son. Book 7 in the Stone Society takes you from New Atlanta across the country to California where you are reunited with familiar faces as well as introduced to new ones.
