

## Breath of Fire: Dragons of the Hundred Worlds #1

An epic adventure in the grand tradition of The Kingdoms and the Elves of the Reaches and In The Service of Dragons.

For thousands of years the ageless dragons have ruled the hundred worlds, conquering all who oppose them while raising those who bring them glory. But in remote Karthold, Rastin struggles to keep alive the memories of his fallen people and fulfill the wishes of his ailing father. For an Alv, Rastin is young. He has no great power to help him, no true magic to light his way and keep him safe. Yet as his life turns increasingly grim, Rastin must find the courage and resourcefulness to befriend his most savage enemies if there is to be hope for him and his people. In this fight war is not the greatest threat to civilization, extinction is. But is it too late for their kind? Is it too late to save what's left of their society?
