

The Soul Forge

When poor stable boy Thomas trips over his broom and finds himself using magic to stop his fall, he feels anything but excitement. His lanky frame and shabby clothes will do little to intimidate his enemies, and hell have no shortage of enemies if anyone finds out what he can do. In a world where magic is feared and strangers aren't trusted, he has no choice but to take sides in a battle he never even knew existed, and discovering on his own that he has to stand up for himself in order to survive.
