

## Spoon River Anthology

Spoon River Anthology is a collection of poetry taken from the tombstones of the dead in a small rural American town. There is of course no Spoon River as the entire town and its inhabitants are fictional. Spoon River Anthology is Masters's masterpiece, a collection of poetry that reveals the posthumous confessions of the transgressions of a group of small-town Americans. Together this collection reads like a novel exposing the fallacy in the idea of the rural American utopia. Spoon River Anthology is a truly original work of American literature.
