

## Nigh - Book 5

The world didnt end. It shifted. Adapted. Changed. Everything Alva Viola Taverner has ever understood or known is gone. Shes a mechanic in a world of magic and faeries, where gears long ago turned to rust and dust. Only one thing now matters: surviving long enough to save those she considers her family. But when the world itself is destroyed by the fairy tale, can there be a happily ever after? \*\* Final installment in the serialized novel \*\* The first great serialized novel of 2015. - Black Gate Magazine
