

# Study Guide for Memmlers Structure and Function of the Human Body

This Study Guide is the ideal companion to the Eleventh Edition of Memmlers Structure and Function of the Human Body, the acclaimed classic text for anatomy and physiology. Following the text's organization chapter by chapter, the Study Guide offers a full complement of self-study aids to engage students in learning and enable them to assess and build their knowledge as they advance through the text. Most importantly, it allows them to get the most out of their study time, with a variety of exercises that meet the needs of all types of learners. Self-study aids include all-new illustrations, chapter overviews, writing exercises, coloring and labeling exercises, concept maps, practical application scenarios, matching exercises, short-essay questions, multiple-choice, fill-in-the-blank, and true-false questions, and more.--Chapter overviews--Writing exercises--Coloring and labeling exercises--Concept maps--Practical application scenarios--Matching exercises--Short-essay questions--Multiple-choice, fill-in-the-blank, and true-false questions--Information on real-life anatomy and physiology in action and updates on current research trials and applications.--Answers to the Study Guide are in the Instructors Manual that accompanies the text as well as on thePoint site for the main text.
