

Sunrise (Pact Arcanum Book 2)

Steel and Shadow San Francisco, 2015. A group of friends celebrating a windfall in their musical careers take a wrong turn down a deserted alleyway to find their path blocked by two creatures out of nightmare. Surviving only through the arcane intervention of a cryptic savior, they find themselves thrust unwillingly into the center of a war of extermination between two mystical races. The Gauntlet Rory loved his best friend Takeshi for as long as he can remember, though he never had the courage to speak of it. When Rory is captured, his soul hangs in the balance as the Nightwalkers delve into ancient magic to corrupt his spirit. Takeshi attempts a desperate rescue, but is unprepared to face the enemy that waits in the depths of the vampire fortress. In the end, his own damnation may be the key to Rorys salvation. Night and Day Nick was surprised to see Rory at a Christmas party so many years after the other musician disappeared from public life. Renewing their friendship, he remains completely unaware that Rory is not at all what he appears to be. Nicks ignorance costs him dearly when Rorys enemies attack. To save Nick, Rory and his allies must find a way to triumph over the first and greatest of the vampire lords, before Nicks soul is twisted forever by the torments of the Prince of Nightmares.
