

Swallowtail and Sword: The Scholars Book of Story and Song (Tails of the Upper Kingdom)

Before there was a Shogun, Before there was a Journey, there was a Story. As a collection of short stories, poems and Ancient songs, these are the tales of the Captain and the Geomancer, the Scholar and the Alchemist, the Major and the Priest before they came together to change the world. From Lings first hour as Empress to Solomons last hour in the world of men, these are the events that shaped them, molded them, set them on the Road to PolLhasa and its proud, high-winged courts. Fascinating, Exotic, Original Fantasy! - Jennifer Quail, Strange Roads
