

Visionary Women

Following the great success of *Pioneers of the Possible*, Angella Nazarian returns with an extraordinary sequel, *Visionary Women*. Featuring a foreword by Melanne Verwee, the director of the Georgetown Institute for Women, Peace and Security, this new title highlights twenty more innovative and forward-thinking women. From Malala Yousafzai as the youngest Nobel Prize laureate and Carmen Amaya beginning her remarkable dance career at age four to swimmer Diana Nyad breaking a world record at sixty-four and Doris Lessing still penning stories into her nineties, this inspiring volume will compel readers to reconnect with their own dreams and envision new goals to challenge themselves at any stage of life.
