

Werewolves Rule: The Rule Series

This is the second of the Rule series. Vampires Rule was the first. This book begins a few months after the first one ended and continues to follow Jack and Silver as they prepare for their battle with head werewolf Jersey Clifford. Jack's world is falling apart. Silver has told him she needs space, he might not graduate from high school, and he feels incredibly alone. Enter a new threat, a new enemy. Does this beautiful girl want Jack dead or does she just want him?
