

# THE ART OF WAR (Illustrated, Annotated): The OLDEST MILITARY TREATISE IN THE WORLD

The Art of War is an ancient Chinese military treatise that is attributed to Sun Tzu (also referred to as Sunzi and Sun Wu), a high ranking military general, strategist and tactist during the late Spring and Autumn period (some scholars believe that the Art of War was not completed until the subsequent Warring States period. Composed of 13 chapters, each of which is devoted to one aspect of warfare. It is said to be the definitive work on military strategies and tactics of its time, and is still read for its military insight. The Art of War is one of the oldest and most successful books on military strategy in the world. It has been the most famous and influential of Chinas Seven Military Classics: for the last two thousand years it remained the most important military treatise in Asia, where even the common people knew it by name. It has had an influence on Eastern military thinking, business tactics, and beyond.
