

## The Associate

It's a deadly game of blackmail. And they're making him play. Full of twists and turns and reminiscent of *The Firm*, *The Associate* is vintage John Grisham. Kyle McAvoy is one of the outstanding legal students of his generation: he's good looking, has a brilliant mind and a glittering future ahead of him. But he has a secret from his past, a secret that threatens to destroy his entire life. One night that secret catches up with him in the form of a deeply compromising video of the incident that haunts him. Kyle realizes that he no longer owns his own future that he must do as his blackmailers tell him, or the video will be made public, with all the unpleasant consequences. What price do they demand for Kyle's secret? It is for Kyle to take a job in New York as an associate at the largest law firm in the world. Kyle won't be working for this company, but against it, passing on the secrets of its biggest trial to date, a dispute worth billions of dollars to the victor.
