

The Belial Ring (The Belial Series Book 3)

Delaney McPhearson has been through the fire more than once. This time it's not her choice to join the fight, it's her destiny. And that destiny will either be the hope of the world or its doom.

In the last two years, Professor Delaney McPhearson has uncovered two Atlantis sites. Each time, she's lost people. Now, all she wants to do is enjoy the peace with her love, Jake Rogan and those she cares about. But fate has a different idea. Plans are in motion for Laney, Jake, and Henry Chandler that stretch back thousands of years and across the globe to a mysterious, ancient Egyptian necropolis. Everything Laney thought she knew about herself and her past has been turned on its head. She never dreamed the violence of last year was only a taste of what to come - a taste of the destiny that awaits her. But destiny, like fate, always comes with a cost. And this time, the cost may be more than she can bear.

About The Belial Ring is a pulse-pounding adventure that will make you re-think what you know about history and asks you what would you do when someone takes away the most important person in your world?
