Robert Pettigrew, reviewer I managed to read this within 2 days (6yr old permitting) and couldn't wait to see what the next author had to offer. Tara Lane, reviewer Overview: Levi Phillips is a warlock living in the woods of rural Ohio. With his apprentice, Matthew, Levi operates one of the most ferocious covens in the world, known as The Black Fang. Managing the coven like an international corporation, Levi controls its enormous wealth while running a moonshine operation as a front. But when a plot to assassinate Levi is exposed, the warlock

decides its time to destroy The Black Fang and the destruction could create a new beginning. The Black Fang Betrayal features today's best horror, dark fantasy and thriller writers collaborating on a unique and fascinating novel. Armed with nothing but a prompt and a character name, each author became a warlock of The Black Fang and wrote a first-person account as a member of the coven. Using themes and sequences woven throughout the complete narrative, a cohesive page-turner emerges. Scroll up and grab a copy of this book right NOW and you will be glad that you did.
