

Bloom (The Bloom Series Book 1)

Chosen individuals have been gifted with extraordinary abilities in order to restore balance to the world. HAVEN KINCAID is seventeen. After moving away from her friends before the start of her senior year, she struggles to fit in at her new school. When the boy of her dreams shows interest, she finally has a chance to be normal but Haven is more different than she realizes. After a tragic loss and a deep betrayal, she is kidnapped by a sinister group that will do anything to extract a deadly ability she can barely control even if they kill her in the process. COLTON ROSS is fresh out of high school. Driven by a desire to escape his abusive father and haunted by the memory of an absent mother, he moves to New York City to start over. When a favor for his friend backfires and he ends up in jail, Colton is bailed out by a mysterious businessman who offers him the chance to strengthen his new-found power and discover the truth about his past truth that will set him on a deadly quest. Bloom is an action-packed fantasy adventure similar to X-Men and Jumper that tells the story of two young people surviving in a dangerous world. As their journeys unfold and collide, they must risk their lives to defeat an evil that threatens to destroy everything they hold dear. This book was originally released under the name A.P. Kensey.
