

## The Bogey Man (The Sandi Webster Mysteries Book 4)

Imagine you're a young female private investigator, it's early in the morning and you're watching the motel room of an errant husband. The angry wife shows up and blows your cover, and the husband comes after you. Now imagine that Humphrey Bogart comes to your rescue. Sandi Webster's latest case begins with this scenario, and she continues to have Bogey sightings. No one will believe her until a woman is murdered at a costume party and the Bogey Man comes strolling out of the restroom, walking the walk and talking the talk.
