

Genesis (Mirus Book 1)

Please note this is an omnibus edition (a bundle) of previously published material: Kait Nolan's Mirus series is set in a paranormal world unlike any you've visited before, inventive new mythology full of fast-paced action, dark dangers, sparkling magic, and sizzling, undeniable attraction. Paranormal beings exist, among us, around us. Their strictest rule: keep the secret.

Forsaken by Shadow When Embry's father is kidnapped by human scientists and the Council of Races makes a firm decision of non-intervention, enforcer Embry Hollister must turn her back on her job and her government to go rogue and seek the help of the one great love from her past. Banished from her world years ago, his memory wiped, Cade Shepherd has a new name, a new life, and no knowledge her kind exist. Can he relearn the Shadow Walker skills he learned from her father? And, if they survive, will Embry be able to walk away again?

Devil's Eye Trouble That's what wolf-shifter Mick thinks when a beautiful woman appears in his New Orleans bar with a hurricane at her back. His first impression is confirmed when Sophie starts asking questions about his missing waitress, Liza. Mick will do anything to rescue a member of the pack he's made for himself, including forming an unlikely alliance with a woman with a badge.

Blindsight Isla's ability as a Seer has made her a life-long captive of a paranormal crime lord. Fae assassin, Ransom, offers her a chance at escape, but when she touches his hand she sees only blood, horror, and apocalypse. What reason can Ransom have for wanting to rescue her, and can she possibly trust a man who deals in death?

Three novellas of danger and sizzling, magical attraction. Genesis is only the beginning. **Note: This is a compilation of previously published novellas and a short story.** Other books in the Mirus series: Riven
