

The Branches of Time

The population of the island of Turios is mercilessly exterminated by the workings of black magic. Only Bashinoir, badly wounded, his wife Lil, and the Priestess Miril have survived. Determined to give their loved ones a worthy burial, the three soon discover that the corpses have disappeared. Their only hope for salvation now lies in the magical protection of the Temple, as sinister threats continue to pursue them. A shadow spreads over their hearts, dividing and destroying them, as their bodies appear to be fading away. Feeling increasingly isolated, Bashinoir watches as the two women grow closer In the Kingdom of Isk, wizards and wisemen alike must bow down before the insatiable King Beanor, whose greed for power and war is matched only by his hunger for sex. A young woman he has chosen as his next bride does not, however, wish to surrender her freedom to love and live. Will games and tricks under the sheets turn the tide in a war that has lasted thousands of years?
