

The Chamber of Ten

From two masters of dark fantasy comes a chilling tale of magic and possession, set in and beneath fabulous Venice, a city slowly being swallowed by the very waters that have made it one of the wonders of the world. Geena Hodge is an American archaeologist working to salvage Venices past from the encroaching Adriatic Sea. When she and her lover, Nico, discover the lost library of Petrarch under the Piazza San Marco, they rejoice not only at the historical significance of the find but at the opportunity to bring worldwide attention and much-needed funding to their endeavors. But that find soon leads to another, a room buried more deeply still: the fabled Chamber of Ten, where centuries ago the secret rulers of Venice, in their quest for absolute power, met to plot betrayals and murders. After entering the Chamber, Geena and Nico are thrust into the midst of an ancient feud, a deadly battle of wills and black magic that threatens to poison the city's future with the evils of its past.
