

A Conspiracy of Demons: Whisperings Paranormal Mystery Book Six

Whether there are many people in your life, or only a few, losing one hits just as hard. An old friend is murdered, and a new friend stops by long enough to provide a listening ear where Royal and I need it most. Conducting our investigation under Provo PDs radar involves enough shenanigans to give this gal nightmares, and that Im a person of interest doesnt make it any easier. Youll never believe where this investigation takes us. Never in a million years. Not in your wildest imagination. Together with the High House, we uncover a plot of epic dimensions. Can we put a stop to it? When desperate times call for desperate measures, will there be casualties? As if a major catastrophe in the making isnt enough to deal with, a conversation prompts me to relook at a decades old case closer to home. What I discover makes me face a tough decision. Do I tell the police and get myself in a heap of trouble? Do I tell the victims? Or do I let it go?
