

## Rise of Legends (The Kin of Kings Book 2)

Basens unique skill with energy leaves him hunted by a psychic of legendary power. But that becomes the least of his troubles when an enemy army of unknown numbers, loyal to a murderous pretender to the throne, surrounds the Academy where Basen has honed his talents. As he begins uncovering the truth about his enemies, it does little more than show him how powerful they really are. But the most dangerous of all, the one who hunts him, will shock everyone by accomplishing something so diabolical, so utterly insane, no one would've guessed it was possible.
