

The Foreworld Saga: Belly Full of Hell (Kindle Worlds Short Story)

Lumbering from the gate opposite them was a massive beast. The monster had two long horns jutting from its lower jaw. Giant ears hung from either side of its enormous head, and speckled across its skin were hundreds of hand prints, all red in color. Atop the beast was a parapet of wood and leather, and aboard it were the beast's driver, along with three other men. Archers! screamed Nathan, run to the beast. In the gladiator pits of the Great Kahn, one warrior fights for an honorable death. Nathan was a member of the Shield Brethren, but a love of drink saw him abandon his brothers and all mortal caring. Now, he fights for the entertainment of the masses in one of Kahns battleground pits of fury. Though Nathans only desire is to die a good death an end fitting for a great warrior he soon finds himself fighting alongside honorable men who have no wish to die. Putting aside his own interests, Nathan and his fellow prisoners, now friends, form an unstoppable force, even as Kahns savage forces push them to very edge of extinction in a roiling abyss. From Aric Davis comes a heart-stopping story inspired by the acclaimed Foreworld Saga.
