

Kiss of Ice: A Dark and Wintery Fairytale

The Winter Knight is sent out to execute the Ice Maiden who has already killed countless men. So far, none of those sent to bring the Maiden to justice have ever returned. But the Knight is confident that he will succeed where they failed, for he is protected by powerful magic. When the Winter Knight finally reaches the castle of the Ice Maiden, she is strangely calm in the face of death and does not even try to resist. But has the Winter Knight truly succeeded where so many before him have failed or does the Ice Maiden still have a trick or two up her sleeve? This is a dark and wintery fairytale of 4700 words or approximately 16 print pages altogether.
