

The Last Great Wizard of Yden (Yden Series Book 1)

Jon Hansen always thought his father's tales about the magical planet of Yden were fiction. When his father is kidnapped by an evil wizard, however, Jon is forced to dig deeper. His investigation uncovers magical artifacts that will unlock another dimension if only he can gather his courage to make the journey. On his quest to Yden, Jon encounters wizards, Cyclopes, and a warlord who seem to want him dead. Fortunately, he's got friends by his side, as well as the ability to draw things to life. Can he and his friends defeat the most evil wizard the magical world has ever known, or will Jon become the latest addition to the Wolf Clan wizard's gruesome collection of trophies? This revised Second Edition includes a bonus Yden short story, RAN!
