

A Plain-Dealing Villain (Daniel Faust) (Volume 4)

Its hard to make a dishonest buck in Sin City, especially when a rogue FBI agent is gunning for your head. Flat broke and one step ahead of the law, Daniel Faust flees Vegas and lands in Chicago, where a risky heist promises to fill his pockets with cash.

There are the risks you can account for, and then there are the risks you never see coming, the ones that leave you blindsided and fighting to survive. Daniel is a stranger in a strange land, out of his element and surrounded by corrupt sorcerers, demons, and worse. Still, with a friends soul hanging in the balance -- not to mention a pile of stolen cash -- giving up isnt an option. Before hes done, Daniel will descend into the depths of Chicagos occult netherworld, competing in an underground poker tournament where the winner takes all...and with the infernal Court of Night-Blooming Flowers running the show, winner takes all has an entirely new meaning. The Flowers havent forgotten Daniels past insults, and if they get their way, hell never leave the Windy City alive.
