

## The Medusa Files, Case 8: Cut From Stone

This disaster could destroy everything she hadn't realized she needed. While Gage might be out of human custody, the Kin High Council remains suspicious of him and the team, and Lachlin is now even more determined to force Morgan to quit. The only person Morgan can trust is Gage, but her attraction to him has made her powers dangerously uncontrollable. When someone sets off a bomb at a Kin high society party and releases a contagion that turns Kin into humans, the team must put their differences aside and stop their most dangerous threat yet.
