

## The Mothers of Voorhisville: A Tor.Com Original

From multiple World Fantasy Award winner and Nebula, Bram Stoker, International Horror Guild, Sturgeon, and British Science Fiction Award nominated author Mary Rickert comes a gorgeous and terrifying vision of the Mothers of Voorhisville, who love their babies just as intensely as any mother anywhere. Of course they do! And nothing in this world will change that, even if every single one of those tiny babies was born with an even tinier set of wings.
