

The Mystery of the Jeweled Case

In her first adventure, 10-year-old Macaroni McDuffy helped save Snowy, her friend Anishas dog. But now Macaroni cant get something out of her head: Shes seen a man on the elevator, carrying a jeweled case just like Mrs. Smiths - but Mrs. Smith is nowhere to be found! When Anishas music box goes missing, Macaroni finds she has two cases to solve. Who is this strange man? What happened to Anishas music box? And can Macaroni find the culprit without abandoning her volunteer job at the End-of-Summer Bash? Macaroni was born with a rare illness and uses a special mobile chair, but that doesnt slow her down. She tends to see people and things in a different way, picking up clues other people miss. Join Macaroni as she uses her skills to search for answers and learns about honesty, friendship, and forgiveness.
