

The Mystic Wolves

What would you do if a simple errand takes a deadly twist, turning you from cautious prey to dangerous predator? Someone is trying to send a deadly message to Mason, arranging the deaths of those he loves and it puts the entire pack and Alpha on high alert. Darcy understands the primal instincts driving her beloved Mason's commands. With the help of those he sets as protectors, she learns about herself and the things she'll need to help support her Alpha and pack. When events turn dire however, one truth offers her strength once given, oaths are unbreakable even if it means risking it all.
