

The Princess Destiny (Daughters of Prophecy Book 2)

A Princess with Powers...Liera, princess of Cantara, wants nothing of royalty and the court intrigue that inevitably accompanies it. Shes much happier hiding out in neighboring Talehndor, where the days are warm and life is peaceful. She knows she should have returned to her native land, but what awaits her there is a battle, one that will pit her against her own father for control of the throne. The sunny weather isnt the only thing keeping Liera in Talehndor. Cian, the fiercest warrior of a generation, left Cantara in search of the princess hed loved since childhood. In Talehndor, they can be together in a way they never can be in Cantara. When she was little more than a girl, Liera was forced into a marriage with Cians brother, a marriage she wasnt sorry to see end with her husbands death. Now, under Cantaran law, Liera and Cian are as near as blood relations. A marriage between them is forbidden. When Liera learns that raiders from across the Sea of Fates are invading Cantara, she knows that her respite from the tyranny of royal life is over. The time has come to face her destiny as the rightful ruler of Cantara, even if it means giving up the only love shes ever known. Together, Liera and Cian venture into a cruel, windswept land where enemies lay in wait around every corner, and betrayals are as common as the thick fog on the moors. Into this tumultuous land, they carry not only their forbidden passion, but also secrets ones with as much power as any danger they face to tear them apart forever. The Princess Destiny continues the saga that began with The Star Prophecy and delivers the magic and adventure readers of that series have come to expect. If you like your romance with strong, capable heroines and daring adventures not to mention a hero who will make your heart race. Download The Princess Destiny today!!
