

The Pursuit (The Skyy Huntington Series) (Volume 3)

As a newly recruited Divine Assassin, Skyy Huntington is the first human to ever transition to a vampire in their ranks. And she is finding out very quickly that being a vampire isn't as easy as all of her friends make it look. Complications with the change occurred that nobody expected. Skyy, her partner Ridley, and all of the Divine Assassins are walking in new territory trying to merge their world of magic with her newly acquired vampire traits. After the epic battle that sent Elizabeth Bathory into hiding, Skyy and the Divine Assassins are desperately searching for her. Knowing this is their chance to strike while she is in her weakened state, they stumble upon a frightening discovery that she may not be working alone. While investigating the case, a series of gruesome murders lead them to the heart of London where they come face to face with a new enemy every bit as dangerous as Bathory. As if Skyy didn't have enough on her plate, the Divine Assassins decide to stay in London and pursue the new enemy while also hunting for Bathory. As a newly engaged couple, her fiancé Aiden is at her side to support her, whether the Divine Assassins approve of it or not. He is the only person who can keep Skyy's constant struggles with her transition in check. But will they ever find the breathing room to plan the wedding of their dreams? And more importantly, recent findings point to the fact that even if they do find and kill Bathory, she might not stay that way.
