

## The Severed Thread (An Abigail Lassiter Novel Book 1)

Abigail Lassiter is an elf who up until now had been happy to quietly manage the family business while steering clear of the political machinations of her father. When her brother Jason is brutally murdered in her driveway her quiet life gets turned upside down. Suddenly agents from the Interspecies Bureau want to question her, the press begins to circle like vultures and the local vampire Clan Master Liam McCallister explains that she must locate the very expensive merchandise that he says Jason stole from him - or else! And to make matters worse her supernatural Guardian Naris informs her that he is unable to interfere in her agreement with McCallister. Convinced that the missing merchandise is linked to her brother's death she makes a deal with McCallister. Her only worry? Can she keep the berserker within contained until she finds her brother's murderer, or will it break free to indiscriminately maim and kill everyone who gets in the way of her quest for justice? The Severed Thread is the first installment in the Abigail Lassiter urban fantasy series. Revised edition: This edition of The Severed Thread has been professionally edited and revised.
