

The Siege

Leningrad, September 1941. German forces surround the city, imprisoning those who live there. The besieged people of Leningrad face shells, starvation and the Russian winter. Interweaving two love affairs in two generations, THE SIEGE draws us deep into the Levin familys struggle to stay alive during this terrible winter. What is it like to be so hungry you simmer your leather manicure case to make soup, so cold you burn first your furniture and then your books? And in spite of everything, to resist... THE SIEGE is a brilliantly imagined novel about war and the wounds it inflicts on ordinary peoples lives. It is also a profoundly moving celebration of love, life and survival. Helen Dunmore is one of Britains most acclaimed authors and THE SIEGE is the fruit of her long fascination with Russias history, its people and its culture.
