

The Curious Case of the Clockwork Man (Burton & Swinburne)

A clockwork man is abandoned in Trafalgar Square. A ghost displays a craving for diamonds. A lost aristocrat returns ten years after being lost at sea and instigates riots in London. The Rakes are indulging in seances. The Technologists are growing giant insects and transforming them into steam-driven vehicles. The British Empire's capital is in chaos, and in the midst of it all, Sir Richard Francis Burton and his wayward assistant, Algernon Swinburne, are beginning to suspect that someone, somewhere, is up to no good!
