

## The War of the Supers (The First Superhero Book 3)

In this third book of the bestselling YA First Superhero series, Kane Andrews (Tempest) has a war on his hands. Los Angeles and New York lie in ruins, the US government no longer exists, and Atlas is leading the Legion of Richter on a rampage across America. Tempest and his band of superhero fighters struggle to combat the Legion while protecting their small community in Dallas. Desperate for reinforcements, he and Holocene travel the world to recruit more Supers only to discover that what lies outside their borders might just be even more terrifying. To ensure their survival, Tempest and his forces must vanquish the Legion and slay Atlas, before the world is lost to their darkness.
