

The Watchers Series

The Watchers Series Omnibus (3 Books)
My name is Leia and I have always believed in monsters... When I was seven years old, I had to watch as a demon killed my father and dragged my mother to Hell. A thing like that can really mess with a girls head, but I managed to get on with my life...just about. But since I turned eighteen, the demons have started showing up again and I can see them everywhere I go. It isnt long before my life-such as it is-is turned upside down and I am drawn against my will into a world of demons and the supernatural, a world where I now have to learn to fight for my life. But then I find Frank, my long lost uncle. Frank is a Watcher, a Nephilim tasked with controlling the dark supernatural forces that threaten to destroy the world of humans. To go up against these dark forces, I must learn the ways of the Watchers from Frank, which entails putting my life and very soul on the line. Hell is coming for me--and I must do more than just survive to keep my precious soul intact. Follow Leia in this action-packed, hellish supernatural thrill ride from start to finish in this three book boxset! Watchers Companion Novels Bad Grace Lucas: Origins Of A Demon
