

The Witch Who Came in From the Cold - Episode 9: Head Case

The golem makes its move at last ... and so does Joshua Toms in the latest pulse-pounding episode of *The Witch Who Came in from the Cold*, the exhilarating new series set in an alternate Cold War in which CIA and KGB are just the newest spies on a very old block. As zero hour for Operation ANCHISES approaches, Gabe is tasked with preparing the safe house, and Joshua with contacting the Soviet defector at his hotel. Meanwhile, KGB agents Tanya and Nadia are also on the case, determined to prevent any security breaches. But some breaches cannot be prevented, as Gabe and Tanya are about to learn. And Josh, walking a tightrope between duty and desire, decides to take a plunge ... or is it a fall? This episode, brought to you by Max Gladstone, turns things up to eleven.
