

The Wolven Of Hunters Holler

Jessie Marlin has never really fit in with the other people in the small town of Woodale, Kentucky. She knows she wants more out of life, but doesn't know where to start. When Adam Hunter shows up in the store where she works, everyone warns her to stay away from him: he's dangerous. People have been known to disappear near his family's property. But Jessie feels an attraction to him she can't deny. Will she follow her heart, even if it means risking her life?
