

Radiant State (The Wolfhound Century)

Peter Higgins superb and original creation, a perfect melding of fantasy, myth, SF and political thriller, reaches its extraordinary conclusion. The Vlast stands two hundred feet tall, four thousand tons of steel ready to be flung upwards on the fire of atom bombs. Ready to take the dream of President-Commander of the New Vlast General, Osip Rizhin, beyond the bounds of this world. But not everyone shares this vision. Vissarion Lom and Maroussia Shaumian have not reached the end of their story, and in Mirgorod a woman in a shabby dress carefully unwraps a sniper rifle. And all the while the Pollandore dreams its own dreams.
