

Two (The Godslayer Cycle Book 2)

The Pantheon has succeeded in creating a Godslayer within the mortal realms - Nathaniel Goodsmith has slain the New Orders Goddess, Imery. But none in the New Order know exactly what has happened to their Mistress of Truth, and for that matter - few seem to care. Only a trio of the New Order Gods take it upon themselves to uncover the true fate of their sister. Meanwhile, the former heretic, Avery, has been visited from his own future - and set upon the path to where the second of the nine swords will awaken. While Nathaniel, Brea and Bracken race to claim the new sword, they are unaware that Avery seeks to arrive first to claim the new sword for his own. If he can beat the Godslayer to the new swords location, he might still be able to retain his status as a God - and defeat the Godslayer once and for all. Yet neither the mortals nor the Gods themselves are ready for the newest players to enter the contest - the demi-Gods! Two is the second volume of the Godslayer Cycle, the nine book epic destined to redefine the power of divinity within fantasy fiction forever.
